INDEPENDENT AUDITOR'S REPORT

To the Board of Directors
The William and Mary Alumni Association

Report on the Financial Statements

We have audited the accompanying financial statements of The William and Mary Alumni Association which comprise the statements of financial position as of June 30, 2017 and 2016, and the related statements of activities and cash flows for the years then ended, and the related notes to the financial statements.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditor's Responsibility

Our responsibility is to express an opinion on these financial statements based on our audit. We conducted our audit in accordance with auditing standards generally accepted in the United States of America. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the entity's preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the entity's internal control. Accordingly, we express no such opinion. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluating the overall presentation of the financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

Opinion

In our opinion, the financial statements referred to above present fairly, in all material respects, the financial position of The William and Mary Alumni Association as of June 30, 2017 and 2016, and the changes in its net assets and its cash flows for the years then ended in accordance with accounting principles generally accepted in the United States of America.

Emphasis of Matter

As described in Note 2 of the financial statements, in the year ended June 30, 2017, The William and Mary Alumni Association adopted new accounting guidance related to disclosures for investments that calculate net asset value per share or its equivalent and other disclosures of investments. Prior year disclosures have been revised to reflect the retrospective application of adopting these changes in accounting. Our opinion is not modified with respect to these matters.

Report on Supplementary Information in Relation to Financial Statements as a Whole

Our audits were conducted for the purpose of forming an opinion on the financial statements as a whole. The accompanying supplementary information is presented for purposes of additional analysis and is not a required part of the financial statements. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information has been subjected to the auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America. In our opinion, the information is fairly stated in all material respects in relation to the financial statements as a whole.

PB Mares, LLP

Norfolk, Virginia December 14, 2017

FINANCIAL STATEMENTS

STATEMENTS OF FINANCIAL POSITION June 30, 2017 and 2016

	2017	2016

NOTES TO FINANCIAL STATEMENTS

Note 1. Nature of Organization and Activities

The William and Mary Alumni Association (Alumni Association) is a private, nonprofit corporation organized under the laws of the Commonwealth of Virginia. The Alumni Association was incorporated by an Act of the Virginia General Assembly approved February 21, 1923. The Alumni Association was formed to aid the College of William & Mary in Virginia (College) in its work, and to promote and strengthen the bonds of interest between and among the College, its alumni, and friends.

Pursuant to a Memorandum of Understanding (MOU) dated June 26, 2014 and amended on June 12, 2015 between the Alumni Association and the College, the parties expressed their intention to integrate the staff responsible for executing alumni engagement activities and services in a newly organized Office of University Advancement of the College (OUA). Accordingly, employees of the Alumni Association became employees of the College; staff responsible for alumni engagement activities and services continue to report to the Alumni Association Executive Director, who also serves as Associate Vice President for Alumni Engagement within the OUA. The Alumni Association retains its 501(c)(3) status, and continues to be managed by its Board of Directors in accordance with its existing Articles of Incorporation and by-laws, including Board oversight of Alumni engagement activities and signature events. The OUA is obligated under the MOU to provide staffing and other resources sufficient to execute the Alumni engagement activities and events. Substantially all financial and other tangible and intangible assets of the Alumni Association remain its property, and the Alumni Association retains the benefit from future alumni engagement activities, including income from endowments, annual gifts, revenue from affinity programs, and net revenue from signature events and activities. The Alumni Association Board, with advice from and in cooperation with the College and OUA, approves the Alumni Association's annual budget to support those alumni engagement and other programs deemed beneficial to its mission.

Note 2. Summary of Significant Accounting Policies

Basis of Accounting: The accounting system is maintained and financial reports are prepared in accordance with the accrual basis of accounting. Investment income is recognized in the accounting period in which it is earned and expenses are recognized in the accounting period in which the related liability is incurred.

Basis of presentation: Accounting Standards Codification (ASC) Topic 958, *Not-for-Profit Entities*, establishes standards for external financial reporting by not-for-profit organizations. Resources are reported for accounting purposes in separate classes of net assets based on the existence or absence of donor-imposed restrictions. In the accompanying financial statements, net assets that have similar characteristics have been combined into categories, as follows:

Unrestricted Net Assets - Unrestricted net assets generally result from receiving unrestricted support, unrealized and realized gains and losses on investments held by the Alumni Association and held in trust by the College of William and Mary Foundation (Foundation), and revenue from programs related to Alumni Association activities.

NOTES TO FINANCIAL STATEMENTS

Note 2. Summary of Significant Accounting Policies (Continued)

Temporarily Restricted Net Assets - Temporarily restricted net assets generally result from contributions and other inflows of assets whose use by the Alumni Association is limited by donor-imposed stipulations that either expire by the passage of time or can be fulfilled and removed by actions of the Alumni Association pursuant to those stipulations.

Permanently Restricted Net Assets - Permanently restricted net assets generally represent the historical cost (market value at date of gift) of contributions and other inflows of assets whose use by the Alumni Association is limited by donor-imposed stipulations that neither expire by the passage of time nor can be fulfilled or otherwise removed by the Alumni Association.

Funds held in Trust by Others: Funds held in trust by others include permanent endowment funds and funds functioning as an endowment ("quasi-endowments"). These endowment funds represent resources either not in the possession or not under control of the Alumni Association; however, the Alumni Association derives income from such funds. These funds are reported as permanently restricted. Quasi-endowments are reported as unrestricted.

In accordance with ASC Topic 958, *Not-for-Profit Entities*, and the Uniform Prudent Management of Institutional Funds Act ("UPMIFA"), net assets associated with endowments and funds functioning as endowments are classified and reported based on the existence or absence of donorimposed restrictions. The Commonwealth of Virginia adopted UPMIFA effective July 1, 2008.

The Board of the Foundation has interpreted UPMIFA as requiring preservation of the fair value, as of the gift date, of gifts to a donor-restricted endowment fund absent explicit donor stipulations to the contrary. As a result of this interpretation, the Foundation classifies as permanently restricted net assets (a) the original value of all gifts donated to the permanent endowment, and (b) accumulations to the permanent endowment made in accordance with the direction of the applicable donor gift instrument at the time the accumulation is added to the fund.

The remaining portion of the donor-restricted endowment fund that is not classified as permanently restricted is classified as unrestricted net assets in a manner consistent with the standards of prudence prescribed by UPMIFA. In accordance with UPMIFA, the Foundation considers the following factors in making a determination, in the aggregate, to appropriate for expenditure or accumulate donor-restricted endowment funds:

- (1) The duration and preservation of the endowment fund;
- (2) The purposes of the institution and the endowment fund;
- (3) General economic conditions;
- (4) The possible effect of inflation or deflation;
- (5) The expected total return from income and the appreciation of investments;
- (6) Other resources of the institution; and
- (7) The investment policy of the institution.

NOTES TO FINANCIAL STATEMENTS

Note 2. Summary of Significant Accounting Policies (Continued)

Funds held in trust by others are pooled on a fair value basis by the Foundation. Each individual fund purchases or disposes of units on the basis of the fair value per unit at the beginning of the calendar quarter within which the transaction takes place. This method approximates the net asset value (NAV) method, and is considered a practical expedient for measuring the fair value of these investments. As necessary, income (including realized net gains) is distributed pro rata based upon the number of units owned by each fund. These amounts are either expendable at the discretion of the board of the Alumni Association or according to donor restrictions.

The fair value of the Foundation's investments, private placements and other securities for which values are not readily available, are determined in good faith by the investment advisors of the respective entities, and may not reflect amounts that could be realized upon immediate sale or amounts that ultimately may be realized. The estimated fair values may differ significantly from the values that would have been used had a ready market existed for these investments, and these differences could be material in the near term.

Cash and Cash Equivalents: Cash and cash equivalents include highly liquid investment instruments purchased with an original maturity of three months or less.

Accounts and Pledges Receivable: Accounts and pledges receivable are stated at the amount the Alumni Association expects to collect. Based on management's assessment of the collectability of specific receivables, the aging of the receivables, historical experience, and other currently available evidence, no allowance for doubtful accounts has been reflected as of June 30, 2017 and 2016. Any account deemed uncollectible is written off against earnings in the period that it is determined to be uncollectible. Although generally accepted accounting principles require that the allowance method be used to record bad debt, the effect of applying the direct write-off method to the Alumni Association's financial statements is not materially different from the results that would have been obtained had the allowance method been used. Management deems all receivables fully collectible.

Inventory: Inventory consists of gift merchandise available for sale and is valued at the lower of cost or market. Cost is determined on a first-in, first-out (FIFO) basis. Market represents the lower of replacement cost or estimated net realizable value.

Investments: Investments are reported at the estimated fair value of the securities. Investment income and gains and losses on investments are reported as increases or decreases in unrestricted net assets unless a donor or law temporarily or permanently restricts their use. Purchases and sale of securities are reflected on a trade date basis. Gains and losses on the sale of securities are based on the difference between the sale price and the average historical cost basis, where such basis represents the cost of the securities purchased, or the fair value at the date of the receipt for securities received by donation.

NOTES TO FINANCIAL STATEMENTS

Note 2. Summary of Significant Accounting Policies (Continued)

Property and equipment: Property and equipment in the accompanying financial statements is presented net of accumulated depreciation. The Alumni Association capitalizes property and equipment with a cost of over \$500 and an estimated life of three years or more. Property and equipment are reported at cost or the estimated value at the date of gift, if donated. Depreciation is computed by the straight-line method using the following estimated useful lives:

Furnishings 5 - 12 years
Automobiles 5 years
Building improvements 15 - 20 years

Gains and losses arising from retirement or sale of property and equipment are recognized in the statement of activities.

Deferred Income: Deposits collected for the rental of the Alumni house for future events are recorded as deferred rental income until such events occur. Amounts collected for future Alumni activities are recorded as deferred income until such activities occur.

Other Liabilities: Other liabilities consist of unspent chapter funds.

Credit Risk: Financial instruments that potentially subject the Alumni Association to concentrations of credit risk consist principally of cash and cash equivalents, accounts receivable and investments. The Alumni Association places its cash and cash equivalents with high credit quality financial depositories, and its accounts receivable are primarily due from a diverse group of college related departments and alumni. Occasionally during the year, the balances in a financial institution may exceed the FDIC \$250,000 deposit insurance amount; that excess is uninsured. Management has placed these funds in high quality institutions in order to minimize the risk. The Alumni Association's investments are professionally managed and insured by the Securities Investor Protection Corporation (SIPC) up to \$500,000.

Revenue Recognition: Alumni program revenue is recognized once the related program has occurred. Merchandise sales are recognized upon execution of the transaction and delivery of the product. Rental income and travel program revenue is recognized once the related events have occurred.

Contributions: Contributions and gifts, including unconditional promises to give, are recognized as revenues when the donor's commitment is received. Contributions to the Alumni Association are either unrestricted as to use, or carry specific restrictions imposed by donors. Unrestricted gifts are reflected as contributions in unrestricted net assets. Restricted contributions can be reflected as contributions in temporarily restricted net assets or in permanently restricted net assets based on the nature of the restriction. When a donor restriction expires, that is, when a stipulated time restriction ends or purpose restriction is accomplished, temporarily restricted net assets are reclassified as unrestricted net assets and reported in the statement of activities as net assets released from restrictions.

NOTES TO FINANCIAL STATEMENTS

Note 2. Summary of Significant Accounting Policies (Continued)

Unconditional promises to give (pledges) that are expected to be collected in more than one year are reported at fair value initially and at net realizable value thereafter. The Alumni Association has not recorded a discount to the net present value of the pledges receivable at June 30, 2017 and 2016 as they deem the amount to be insignificant.

Donated equipment and other donated goods are recorded at their estimated fair value as of the date of the donation. Contributed services, which require a specialized skill and which the Alumni Association would have paid for if not donated, are recorded at the estimated fair value at the time the services are rendered.

The fair value of services with the College is estimated by the Alumni Association in consultation with the College. Such amounts are recorded in donations and contributions in the statement of activities, with a corresponding expense recorded by function in the statement of activities. The Alumni Association recorded \$348,518 and \$325,007 of in-kind contributions from the College and corresponding expenses of the same amounts for the years ended June 30, 2017 and 2016, respectively.

Advertising: Advertising costs are expensed as incurred and were \$2,462 and \$3,475 in 2017 and 2016, respectively.

Functional Allocation of Expenses: Expenses that can be identified with a specific program or supporting service are charged directly to the program or supporting service. Expenses which apply to more than one functional category have been allocated based on estimates made by management.

Sales Tax: Certain of the Alumni Association's sales are subject to sales tax imposed by various jurisdictions. The Alumni Association collects sales tax from customers and remits it to the applicable jurisdiction. The Alumni Association's accounting policy is to exclude the tax collected and remitted from revenues and cost of sales.

Income Taxes: The Alumni Association is a nonstock corporation that has been determined by the Internal Revenue Service to be exempt from taxes on income derived from activities related to its tax-exempt purpose under Section 501(c)(3) of the Internal Revenue Code. Certain activities of the Alumni Association are subject to taxation as unrelated business income. No such taxes were due for the current or prior year.

FASB ASC Topic 740, *Income Taxes*, prescribes a recognition threshold and measurement attribute for the financial statement recognition and measurement of a tax position taken or expected to be taken in a tax return. The Alumni Association's management has evaluated the impact of the standard to its financial statements. The Alumni Association's income tax returns are subject to examination by taxing authorities, generally for a period of three years from the date they were filed. The Alumni Association's policy is to classify income tax related interest and penalties, if any, in management fees.

Estimates: The preparation of financial statements requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements, and the reported amounts of revenues and expenses during the reporting period. Actual results could differ from those amounts.

NOTES TO FINANCIAL STATEMENTS

Note 2. Summary of Significant Accounting Policies (Continued)

Subsequent events: In preparing these financial statements, the Alumni Association has evaluated events and transactions for potential recognition or disclosure through December 14, 2017, the date the financial statements were available to be issued.

New Accounting Pronouncements: In August 2016, the Financial Accounting Standards Board (FASB) issued Accounting Standards Update (ASU) 2016-14, Presentation of Financial Statements of Not-for-Profit Entities (Topic 958), which is intended to improve financial reporting for a not-for-profit entity. The ASU will reduce the current three classes of net assets into two: with and without donor restrictions. The change in each of the classes of net assets must be reported on the statement of activities. The ASU also requires various enhanced disclosures around topics such as board designations, liquidity, functional classification of expenses, investment expenses, donor restrictions, and underwater endowments. The ASU is effective for the Alumni Association for the fiscal year ending June 30, 2019. Early application is permitted. The ASU should be applied on a retrospective basis in the year that the ASU is first applied. While this ASU will change the presentation of the Alumni Association's financial statements, it is not expected to alter the Alumni Association's reported financial position or activities.

In February 2016, the FASB issued ASU 2016-02, *Leases* (Topic 842). The guidance in this ASU supersedes the leasing guidance in Topic 840, *Leases*. Under the new guidance, lessees are required to recognize lease assets and lease liabilities on the statement of financial position for all leases with terms longer than 12 months. Leases will be classified as either finance or operating, with classification affecting the pattern of expense recognition in the statement of activities. The new standard is effective for the Alumni Association for the fiscal year ending June 30, 2021. A modified retrospective transition approach is required for lessees for capital and operating leases existing at, or entered into after, the beginning of the earliest comparative period presented in the financial statements, with certain practical expedients available. Management is currently evaluating the impact of the Alumni Association's pending adoption of the new standard on the financial statements.

In May 2015, The FASB issued ASU 2015-07, Fair Value Measurement (Topic 820): Disclosures for Investments in Certain Entities That Calculate Net Asset Value per Share (or Its Equivalent). The amendments in this update remove the requirement to categorize within the fair value hierarchy all investments for which fair value is measured using the net asset value per share practical expedient and related additional disclosures. However, sufficient information must be provided to permit reconciliation of the fair value of assets categorized within the fair value hierarchy to the amounts presented in the statement of financial position. The amendments in this update will become effective for the Alumni Association's fiscal year ending June 30, 2018. Early adoption is permitted and management has adopted this update as of and for the year ended June 30, 2017. June 30, 2016 amounts and disclosures have been revised to reflect the retrospective application of adopting this update.

NOTES TO FINANCIAL STATEMENTS

Note 2. Summary of Significant Accounting Policies (Continued)

In May 2014, the FASB issued ASU 2014-09, Revenue from Contracts with Customers (Topic 606). This standard outlines a single comprehensive model for companies to use in accounting for revenue arising from contracts with customers and supersedes most current revenue recognition guidance, including industry-specific guidance. The core principle of the revenue model is that revenue is recognized when a customer obtains control of a good or service. A customer obtains control when it has the ability to direct the use of and obtain the benefits from the good or service. Transfer of control is not the same as transfer of risks and rewards, as it is considered in current guidance. The Alumni Association will also need to apply new guidance to determine whether revenue should be recognized over time or at a point in time. In August 2015, the FASB issued ASU 2015-14 which defers the effective date of ASU 2014-09 one year. ASU 2014-09, as deferred by ASU 2015-14, will be effective for the Alumni Association's fiscal year ending June 30, 2020, using either of two methods: (a) retrospective to each prior reporting period presented with the option to elect certain practical expedients as defined within ASU 2014-09; or (b) retrospective with the cumulative effect of initially applying ASU 2014-09 recognized at the date of initial application and providing certain additional disclosures as defined in ASU 2014-09. The Alumni Association has not yet selected a transition method and is currently evaluating the impact of the pending adoption of ASU 2014-09 on the financial statements.

Note 3. Pledges Receivable

At June 30, 2017 and 2016, unconditional pledges receivable are as follows:

	2017	2016		
Receivable in less than one year	\$ 77,523	\$	8,370	
Receivable in one to five years	 73,300		93,726	
Total unconditional pledges receivable	\$ 150,823	\$	102,096	

Note 4. Fair Value Measurements

Fair value as defined under generally accepted accounting principles (GAAP) is an exit price, representing the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. GAAP establishes a three-tier fair value hierarchy, which prioritizes the inputs used in measuring fair value.

These tiers include:

- Level 1: Observable inputs such as quoted prices in active markets.
- Level 2: Inputs other than quoted prices in active markets that are either directly or indirectly observable.
- Level 3: Unobservable inputs about which little or no market data exists; therefore requiring an entity to develop its own assumptions.

NOTES TO FINANCIAL STATEMENTS

Note 4. Fair Value Measurements (Continued)

Assets and liabilities are classified in their entirety based on the lowest level of input that is significant to the fair value measurement. The Alumni Association's assessment of the significance of a particular input to the fair value measurement requires judgment, and may affect the valuation of fair value assets and liabilities and their placement within the fair value hierarchy levels.

When quoted prices are available in active markets for identical instruments, investment securities are classified within level 1 of the fair value hierarchy. Level 1 investments consist of mutual funds.

The preceding methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values.

Furthermore, although the Alumni Association believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the report date.

The following table summarizes, by level within the fair value hierarchy, the assets measured at fair value on a recurring basis as of June 30, 2017 and 2016.

Assets Measured at Fair Value on a Recurring Basis at June 30, 2017

	Level 1	Level 2	Level 3		Total
Mutual funds					
Bonds	\$ 2,747,407	\$ - \$	-	\$	2,747,407

Net realized and unrealized gains (losses) on mutual fund investments were \$578,042 and \$(420,360), respectively, at June 30, 2017 and 2016.

Note 5. Endowments and Funds Held in Trust by Others

These investments are made by the Foundation on the Alumni Association's behalf. The Foundation invests substantially all of the Alumni Association's Funds Held in Trust by Others in The William and Mary Investment Trust (WAMIT). All changes in fair value are recognized in the statement of activities.

The WAMIT investments, by type, are as follows:

	2017	2016
Common stocks	\$ 87,655,261	\$ 59,396,217
Investment in exchange listed funds	9,493,552	4,213,730
Investment in private investment funds	490,038,849	478,878,681
Short-term investments	 31,569,090	17,971,823
	\$ 618,756,752	\$ 560,460,451

The Alumni Association's investment assets in Funds Held in Trust by Others represents less than a 1% pro rata interest in WAMIT at June 30, 2017 and 2016.

NOTES TO FINANCIAL STATEMENTS

Note 5. Endowments and Funds Held in Trust by Others (Continued)

The following table presents endowment investment composition in Funds Held in Trust by Others by type of fund for the year ended June 30, 2017:

	Uı	nrestricted	emporarily Restricted	ermanently Restricted	Total
Donor-restricted endowment funds Quasi-endowment	\$	1,291,004	\$ 1,347,117 -	\$ 2,300,037	\$ 3,647,154 1,291,004
Total endowment funds	\$	1,291,004	\$ 1,347,117	\$ 2,300,037	\$ 4,938,158

The following table presents endowment investment composition in Funds Held in Trust by Others by type of fund for the year ended June 30, 2016:

			Temporarily		Permanently		
	U	nrestricted		Restricted		Restricted	Total
Donor-restricted endowment funds	\$	-	\$	1,093,760	\$	2,084,966	\$ 3,178,726
Quasi-endowment		1,197,960		-		-	1,197,960
Total endowment funds	\$	1,197,960	\$	1,093,760	\$	2,084,966	\$ 4,376,686

Funds with Deficiencies

From time to time, the fair value of assets associated with individual donor restricted endowment funds held by the Foundation may fall below the level that the donor or UPMIFA requires the Foundation to retain as a fund of perpetual duration. There were no deficiencies of this nature that are reported in unrestricted net assets as of June 30, 2017 and 2016. These deficiencies sometimes result largely from unfavorable market fluctuations that occurred after the establishment of endowments.

Spending Policy

The Foundation sets a spending rate annually for its respective investment portfolios that applies to Funds Held in Trust by Others. The rate is applied to the average market value of the portfolio as calculated over a trailing 20-quarter period using December 31 valuation dates to calculate the payout from investment pools budgeted for current operations. For fiscal years 2017 and 2016, the spending rates for the Foundation's three discrete investment portfolios, Pooled Investments, Eminent Scholars, and Virginia Assistance Program, were 4.75%, 5.00% and 4.75%, respectively.

NOTES TO FINANCIAL STATEMENTS

Note 5. Endowments and Funds Held in Trust by Others (Continued)

Return Objectives and Risk Parameters

The Foundation has adopted investment and spending policies for endowment assets that attempt to provide a predictable stream of funding to programs supported by its endowment while seeking to enhance the inflation-adjusted purchasing power of the endowment assets. Endowment assets include those assets of donor-restricted funds that the Foundation must hold in perpetuity or for a donor-specified period as well as board-designated funds. Under this policy, as approved by the Board of Trustees of the Foundation, the endowment assets are invested in a manner that is intended to achieve real growth of 2% over the long term after funds are released for current use.

The measure of inflation used in adjusting for real purchasing power is the Higher Education Price Index, a measure of college and university costs. The majority of the Foundation's endowment funds are invested in The William and Mary Investment Trust, which follows an investment policy that is consistent with these objectives.

Strategies Employed in Achieving Objectives

To satisfy its long-term return objectives, WAMIT follows a total return strategy in which investment returns are achieved through both capital appreciation (realized and unrealized) and current yield (interest and dividends). WAMIT's portfolio is highly diversified among asset classes, strategies, and investment managers. This diversification in holdings and manager relationships is intended as a means to consistently produce returns in excess of policy benchmarks with less concentration of risk. WAMIT has established asset allocation ranges in each of its major asset classes within which policy targets are set and monitored against actual allocations.

The following table presents the change in endowment net assets in Funds Held in Trust by Others for the year ended June 30, 2017:

		nrestricted	emporarily Restricted	ermanently Restricted	Total		
Endowment net assets - July 1, 2016	\$	1,198,060	\$ 1,093,760	\$ 2,086,216	\$ 4,378,036

losses on investments		(33,782)		(118,243)	-	(152,025)		
Contributions		570		-	96,863	97,433		
Expenditure of endowment assets		(43,403)		(107,902)	-	(151,305)		
Endowment net assets - June 30, 2016	\$	1,198,060	\$	1,093,760	\$ 2,086,216	\$ 4,378,036		

Note 6. Temporarily Restricted Net Assets

Temporarily restricted net assets consist of the following as of June 30, 2017 and 2016:

		2017	2016
Time restricted pledges receivable Investments restricted for Order of the White Jacket Time restricted endowment earnings	\$	73,300 887,445 1,347,117	\$ 98,246 921,762 1,093,760
	\$	2,307,862	\$ 2,113,768

Net assets released from restriction during the years ended June 30, 2017 and 2016 consist of \$106,747 and \$57,850, respectively, in time restrictions and scholarships and gifts distributed for the Order of the White Jacket.

Note 7. Leases

The Alumni Association leases office space from the College. The lease calls for monthly payments of \$593 and terminates June 12, 2025. Total rent expense under this lease was \$7,116 for 2017 and 2016. Future annual payments under this lease are \$7,116 per year.

NOTES TO FINANCIAL STATEMENTS

Note 8. Affinity Program Royalty Revenue

The Alumni Association entered into an affinity agreement effective July 1, 2014 through June 30, 2019. Pursuant to the terms of the agreement, the affinity partner offered certain financial services to College alumni. In return for the opportunity to provide these services, the affinity partner: (1) conditionally guaranteed the payment of \$500,000 in royalties for the duration of the agreement and (2) agreed to various other contributions and sponsorships, for as long as the agreement is in effect. Royalty advances of \$100,000 will be provided each year of the agreement. All royalties earned will be applied against the advances until all advances are earned. Any royalties earned in excess of advances will be paid to the Alumni Association. For any amount unearned by the end of the agreement, the Alumni Association will earn the guaranteed payment upon termination of the agreement. The initial term of the agreement will automatically extend at the end of the agreement for successive one-year periods with \$100,000 guaranteed each extended year, unless terminated by either party.

As of June 30, 2017 and 2016, cumulative advances and earnings for the agreement are as follows:

	2017			2016
Royalties advanced Royalties earned	\$	300,000 (269,197)	\$	200,000 (183,340)
Advances in excess of earnings	\$	30,803	\$	16,660

Other affinity program revenue totaled \$19,482 and \$10,940 for the years ended June 30, 2017 and 2016, respectively.
